

The Hove Station Area is going to be transformed over the next 10 years.

- Regeneration has begun. This year Hyde Housing will complete 59 apartments and 6 terraced houses in Newtown Road/Goldstone Lane
- Matsim have appealed against the Council’s decision to refuse their Hove Gardens project for 188 apartments in Conway St/Ellen St
- A planning application for some 500 apartments on the former Sackville Trading Estate and the former coal yard will be submitted this year

What matters to you in our neighbourhood?

- **Traffic and parking? Pollution and green spaces? Housing?**
- **Community facilities? Jobs? Regeneration of run-down areas?**

Let’s talk about these issues and make sure our voice is heard!

- Our Forum is an independent, non-party political voluntary organization with over 200 local members, authorised by the Council in 2014 to prepare a community-led Neighbourhood Plan for the area.
- Our vision is to knit together the big development projects to create a new **Hove Station Quarter** with up to 1200 new homes, office space and commercial premises

‘Have Your Say Day’ public meeting on Saturday Feb 17th

- Join us at Honeycroft, St Barnabas Hall, Sackville Rd, Hove BN3 3WF.
- Presentations 12:30–1:30 pm but drop in any time between 11:30–3 pm.
- Hear how our neighbourhood is changing and how we, the community, can influence the developers and the city council.
- Exhibition of our emerging draft Neighbourhood Plan.
- Presentations by the Forum and speakers from the Council and developers with Q & A sessions.
